To Each Project Its Shovel

Round Point Shovels

Dig holes, divide and transfer your plants.

Square Point Shovels

Transfer soil, sand and other bulk materials.

Garden Shovels

Define your borders or flowerbeds, slice and turn the soil, prepare a mixture of soil and compost.

Drain Spades

Install an irrigation or ground lighting system.
Dig small channels along the flowerbeds.

Excavator Shovels

Easily dig soil, uproot, divide perennials or plant trees.

Specialty Shovels

Garant offers a wide range of shovels adapted to your specific needs, whether for agricultural, industrial, or ceremonial tasks.

Fantastic Forks!

Spading Forks

Air and turn soil in vegetable gardens and flowerbeds, while minimizing root damage.

Manure / Barn forks

Pick up, move, mix fertilizer, manure or compost.

Hay / Ensilage Forks

Lift and move hay and all types of forage to feed livestock.

Mushroom Forks

To aerate and move the substrate, promoting healthy growth. Efficiently clean crops by removing unwanted debris.

Bedding Forks

Quickly and efficiently clean out the horse pen with the help of the Garant bedding fork.

Our Lawn Care Allies

Turf Edgers

Define flowerbeds, clear around trees and edge grass to create neat attractive borders.

Weeders

Easily and effectively remove weeds from your garden, the space in between pavers and slabs, while preserving the integrity of your flowerbeds, lawns and landscaping.

Post Hole Diggers

Dig holes to plant your trees and shrubs, and efficiently install fence posts, pillars, patio bases and various posts.

Spreader

Ideal for spreading manure, compost, peat moss or soil, promoting healthy growth of your lawn.

Lawn Roller

Compact soil or grass with this steel lawn roller.

Soil Tampers

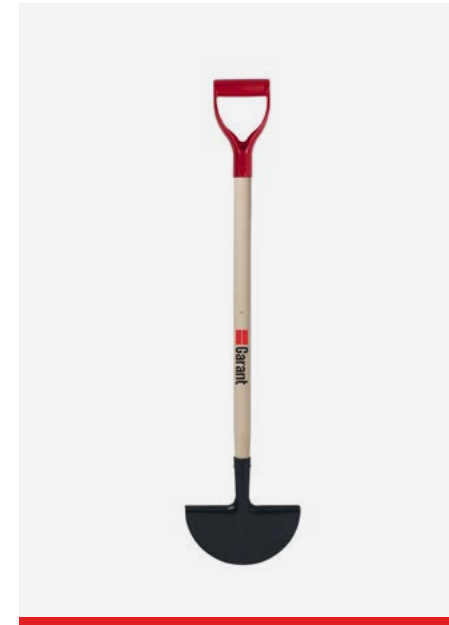

Compact and level soil with the help of our compactors.
